Dear Union Grove Members, Friends, and Family:

According to the Wisconsin Department of Health Services, all of Wisconsin's 72 counties are now experiencing "very high" activity levels for COVID-19 spread. Please do what you can to protect yourself and your loved ones from this terrible virus.

Since our November 5th letter, we've had two more staff test positive for the coronavirus. At this time there are no members with COVID-19.

Please, help us spread the word about how important it is for all of us to do our part in protecting our staff and members from this virus. It is so important to continue to stay home as much as possible, wear a mask when out and maintain at least six feet from others, and wash our hands frequently. These are the only known ways we can do our part to prevent its spread. Thank you for your adherence to this guidance.

Sincerely,
